

REMARKS

In The Claims

Applicant hereby affirms the election of claims 1-9.

Applicant hereby cancels claims 10-40 since claims 10-40 concern non-elected subject matter. Applicant hereby preserves the right to file a divisional application covering the subject matter of non-elected claims 10-40.

Applicant believes that affirmation of the election of claims 1-9 and cancellation of claims 10-40 overcomes the Examiner's objection to the claims. Applicant therefore believes that claims 1-9 are in a condition for allowance.

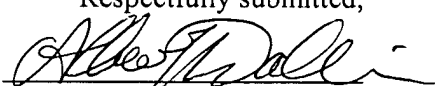

In The Specification

Applicant has amended the title of the invention as suggested by the Examiner in the 12/08/2005 Office Communication. Support for the title as amended, can for example be found in claims 1-9. Applicant believes that applicant has overcome the Examiner's objection to the title. Applicant therefore believes that the amended title is in a condition for allowance.

Request For Continued Examination

Applicant hereby respectfully requests further examination because applicant believes that the amendments to the claims and specification overcome the Examiner's objections as stated in the 12/08/2005 Office Communication.
